

First Program Year Action Plan Draft

The CPMP Annual Action Plan includes the [SF 424](#) and Narrative Responses to Action Plan questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations.

AMERICAN WITH DISABILITIES ACT: In compliance with Americans with Disabilities Act, if you need to request this document in an alternate format, please contact the Housing and Redevelopment Division at 564-5461, estotts@SantaBarbaraCa.gov or 630 Garden Street, upstairs. Notification of at least 48 hours will enable the City to make accommodations.

Narrative Responses

GENERAL

Executive Summary

The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.

Santa Barbara's 2010-2014 Consolidated Plan constitutes a strategic vision for housing and community development. The goals are to assist low and moderate-income persons, provide decent housing, create suitable living environments, and expand economic opportunities. Included in the Consolidated Plan are broad five-year objectives, strategies and action plans to accomplish these goals. Specific identifiable benchmarks for measuring progress in realizing the City's vision are proposed in the Action Plan for 2010 as part of the strategy. The 2010 Action Plan includes application for funds under two different HUD formula programs (**Community Development Block Grant and the HOME Investment Partnership Program**). Current year entitlements combined with reallocations and repayments from prior years bring the total funding for FY 2010 to approximately \$2.1 million.

Citizen Participation

Elements of the Plan were developed with active citizen input, including a citizen advisory committee who participated in the development of the various sections of the Plan. Public hearings for input and review of the Plan were conducted on September 22, 2009 and March 23, 2010. The draft report was available for public review for a 45-day period beginning on March 18, 2010, and notice to that effect was provided in the newspaper and on the City Web Page. Copies of the Plan were available online at www.SantaBarbaraCa.gov, in the Public Library, City Hall, and Community Development Department. It will be made available in alternative formats accessible to persons with disabilities, upon request.

Community Profile

The City of Santa Barbara is located in the South Coast area of Santa Barbara County, on the Pacific Ocean. It occupies an area of 23 square miles and has an estimated population of 90,308, up from 87,944 in 2000, although the rate of increase was slower than the historic rate. Annual estimates show a decrease in population as the economy began to dip in 2005. Santa Barbara's limited supply of developable land, a relatively balanced economy, position in the local economy as an employment center, attractiveness as a tourist destination, and high quality of life, have combined to make this city one of the most expensive in which to live.

In the 2000 Census, 21.2% of all households in Santa Barbara had incomes below 50% of the citywide median income. These households tended to be concentrated in six census tracts that constitute an area of low income concentration. The Hispanic population is also concentrated in these six census tracts. The Hispanic population now constitutes 32.4%, a reduction from 37% in 2000. The Hispanic population also decreased in numbers, from 32,330 in 2000 to 27,654 in 2008. The Asian population (3.8%) is distributed throughout the city, while the Black population (2.2%) is concentrated in two of the lower income neighborhoods. Based on discussions with the County and local social service providers, there has been little change since 2005 in the proportions and distributions within the population.

Housing and Community Development Needs

Conditions

According to the 2007 Santa Barbara County Economic Outlook the local economy peaked in 2003 and has seen "essentially zero job growth" since. Most new jobs are in the service sector where pay is relatively low. Housing prices remain very high in Santa Barbara. There has been some decline in prices in the past since the start of the housing crisis, but not nearly to the extent seen in other areas, such as the North County. According to the 2009 Economic Outlook report South Santa Barbara County has not experienced as great of an economic decline as the rest of the country or the state because it has avoided much of the housing crisis. However once the economy begins to recover it will be at a much smaller scale compared to the rest of the nation and the state.

Housing Needs

Renters occupy almost 57% of the housing units in the city. The vacancy rate has risen to approximately 2.3% in part due to the high rents being charged. Of renter households, half paid more than 30% of their income on housing. According to 2000 Census data, 12.2% of the housing units were "overcrowded", 2% higher than the rate from 1990. According to local industry sources, rents have recently risen slightly, and income has leveled off, pushing the number of overcrowded units up as more renters are forced to "double-up" and share housing. Another factor could be the low numbers of new units constructed. About 48% of the housing stock was built before 1940, highlighting a need for rehabilitation to keep this old housing stock in good condition.

Housing Market Conditions

Vacancy rates, a signal of "market balance," are very low which indicate demand is higher than supply. Housing construction has not kept up with the demand for housing, mostly due to the very limited supply of land in the City. The most

overwhelming problem facing Santa Barbara is the cost of housing. In 1990, the median price of a house was \$347,000. The 2000 census reports the median price at \$479,800. According to the California Association of Realtors the median house price in Santa Barbara was \$825,000 in January. The median family income for a family of four is considered to be \$70,400, far short of what would be needed to keep up with the cost of housing, despite the recent drop in median house prices.

Affordable Housing Needs

Statistics show that 90% of very low income and 80% of low income households rent housing in Santa Barbara. There are over 4,141 households that are very low income, and 7,616 that are low income and eligible for federal housing assistance. Two-thirds of low and very low income renters pay over 50% of their income for rent. There are limited number of rental units available to low and very low income renters and the housing available to them has a greater probability of being substandard. There are very few affordable units available for large families, and discrimination against families with children does occur. There are very long waiting lists for Housing Authority assistance. Minorities on the average have a lower median income than the City as a whole, and minority-headed households constitute a high percentage of the low and very low income renters. There is also a sense that not just the poor, but the middle-class is now being priced out of the community.

Homeless Needs

There are four shelters which house the general homeless population (families, single men and women), as well as various SRO hotels and other permanent supportive housing, and additional shelters for special needs populations such as mentally ill, victims of domestic violence, alcohol/drug addicted, people with AIDS, and youth. The total number of emergency beds, rooms and units is 185 (385 during the winter shelter months), with an additional 365 transitional units/rooms/beds (265 during the winter shelter months), 42 emergency RV spaces and 242 permanent supportive units. Based on estimates from service providers, there have been increased numbers of homeless seeking services in the area. Estimates vary widely as to the exact number of homeless, however a 2006 report on Homeless Services, a report written as part of Santa Barbara County's 10-year Plan to End Chronic Homelessness, estimated the countywide homeless population to be 6,150. Shelters are reporting an increase in homeless staying in the facilities, particularly homeless families with children. A permanent Day Center and Emergency Winter Shelter, Casa Esperanza, opened in 1999, and continues to operate with financial assistance from both the City and County. It is important that access be provided in all homeless shelters.

Public and Assisted Housing Needs

The Santa Barbara City Housing Authority has six waiting lists for the various affordable housing programs it administers with 13,660 applicants. The length of time an individual is on the list is from 2 - 5 years. There are currently 494 HUD-assisted public housing units and 1,980 existing Section-8 vouchers. There are also 481 Non-HUD/Tax Credit units and another 107 units Senior Housing Units under HUD's rent supplement program – Section 221(d)(3).

Barriers to Affordable Housing

The City has a variety of barriers to the production of affordable housing. Market barriers are not very flexible, and there is little the City can do regarding mortgage financing practices, decline in non-local housing assistance funds, high cost of land, high market prices for homes and rentals, low vacancy rates, limited land available

for housing, aged housing stock, location factors, and NIMBY/exclusivity attitudes. Relatively extensive permit processing requirements and construction standards are necessary to maintaining the quality of life in Santa Barbara. The city is fortunate to have a proactive Housing Authority and several active private affordable housing developers.

Fair Housing

Housing discrimination exists, but often is unreported because of the high demand for affordable housing. The City regularly investigates complaints of all types of housing discrimination (race, age, ethnicity, religion), but the most common is discrimination against racial minorities, and families with children.

Lead-Based Paint

An estimated 23,904 housing units contain lead-based paint. The City's Housing Rehabilitation Program regularly tests for lead-based paint hazards whenever a housing unit is being evaluated for rehabilitation.

Community Development Needs

Community development needs include a wide variety of neighborhood facilities such as child care centers and youth activity centers, improvements to parks and public spaces, human services to support physical development activities, and economic development.

Housing and Community Development Strategic Plan

Vision for Change

The Strategic Plan brings needs and resources together in a coordinated housing and community development strategy. The strategy has been developed to achieve the following statutory goals for low-income residents: **provide decent housing, create suitable living environments, and expand economic opportunities.**

Housing and Community Development Objectives and Outcomes

DH-1 Availability/Accessibility for the Purpose of Providing Decent Housing

The City's Housing Rehabilitation Loan Program will rehabilitate substandard low to moderate income housing units. The Housing Authority will renovate housing units owned by the Housing Authority. In addition, the City will support the Fair Housing Enforcement Program, Rental Housing Mediation Task Force, Legal Aid Foundation, and policies that help to overcome barriers to affordable housing. The total long-term funding expected to be available is \$1,300,000 annually.

DH-2 Affordability for the Purpose of providing Decent Housing

The City will combine funds from various sources including the Redevelopment Agency, HOME, private banks, and public housing development to create new housing. In addition, the HRLP program will rehabilitate substandard low to moderate income multi-unit housing. The long-term funding expected to be available is \$30,000,000 annually.

SL-1 Accessibility for the Purpose of Creating Suitable Living Environments

The City supports programs which provide emergency shelter and transitional housing for homeless persons, prevent individuals and families from becoming homeless, help homeless persons to transition to permanent housing, and provide permanent supportive housing. The expected funding totals \$1,100,000 annually.

SL-3 Sustainability for the Purpose of creating Suitable Living Environments

The City supports a variety of social services including neighborhood centers, and public facilities improvements. Expected funding is \$500,000 annually.

EO-2 Affordability for the Purpose of Creating Economic Opportunities

The Community Development Loan Fund will provide small business loans to persons who do not qualify for conventional bank loans. Expected funding is \$100,000 annually.

Anti-Poverty Strategy

The anti-poverty strategy requires taking into account factors affecting poverty over which the City has no control. The City attempts to address reducing poverty by providing the following funding goals for the CDBG program: programs which facilitate housing for low/moderate-income persons, programs that revitalize downtown neighborhoods, programs that strengthen or expand public service agencies which facilitate low/moderate income housing, proposals which leverage financial resources to create or retain jobs for low/moderate income persons.

Housing and Community Development Resources

The City faces an enormous challenge in marshaling the resources necessary to implement its Plan. The Consolidated Plan contains an inventory of Federal, State, and local programs (both public and private) available to carryout the Plan.

Coordination of Strategic Plan

Coordination between public agencies providing housing resources, assisted housing providers, private and governmental health, mental health and service agencies are critical to the delivery of viable product/services. The Plan identifies the roles of the coordinating agencies, regular line agencies, the nonprofit entities, and private sector in developing affordable housing.

One Year Action Plan

The action plan identifies the proposed use of the \$2.1 million from the two formula grant programs (CDBG and HOME), funds recaptured through "program income", and funds from local sources. Projects/programs that are operated citywide are noted as such. Most of the projects are concentrated in the most needy neighborhoods; those census tracts with 51% or more of the residents who are low or moderate income. Proposed FY 2010 CDBG and/or HOME projects are listed below:

- \$54,000 to Casa Esperanza for the operation of a homeless day center providing basic human services and supportive services for 1,600 low-income homeless persons.
- \$12,000 to Catholic Charities for financial assistance, supportive social services and case management for 2,100 low-income persons.
- \$22,000 to Channel Islands YMCA, Noah's Anchorage, for operation of an emergency housing shelter for 200 homeless and disenfranchised youth.
- \$8,941 to the City of Santa Barbara's Fair Housing Enforcement Program to respond to eight inquiries and investigate reported cases of housing

discrimination, as well as educate the public on housing rights and responsibilities.

- \$140,000 to the City of Santa Barbara's HOME Project for acquisition and rehabilitation of affordable housing rental units.
- \$350,000 for acquisition and/or new construction of a HOME Project for affordable housing.
- \$50,000 in HOME program income funds for security deposit assistance to assist homeless persons in securing permanent housing.
- \$200,000 in HOME funds for tenant based rental assistance to assist homeless and special needs persons in securing permanent housing.
- \$97,407 to City of Santa Barbara's Rental Housing Mediation Program to provide 1,450 information and mediation services to landlords and tenants at risk of homelessness.
- \$261,762 in FY 2010 entitlement and \$76,564 in CDBG reprogrammed funds for a total of \$338,326 to City Target Area Neighborhood Improvement Projects (CTANIP), to create a teen center at the Franklin Community Center, to install access ramps and sidewalks in low-income neighborhoods, to improve safety by installing a chain link fence around a community ball field, to install air-conditioning units at two Westside community centers where seniors hold activities and receive services, and to rehabilitate the restrooms at Ortega Park.
- \$203,000 in FY 2010 CDBG entitlement, \$250,000 in CDBG repayment and \$93,655 in FY 2010 HOME for a total of \$546,655 to Home Rehabilitation Loan Program to provide capital improvement loans for low to moderate-income persons in order to improve neighborhoods, maintain and upgrade the City's low-income housing stock by eliminating hazards to health and safety and halting the deterioration of the structures.
- \$38,668 to Domestic Violence Solutions for the operation of an emergency shelter serving 150 battered women and their children.
- \$94,945 to Noah's Anchorage to repair and upgrade the home, including replacing the windows and floors in order to provide shelter to 200 homeless youth.
- \$26,590 to Girls Incorporated to repaint the wood trim on two buildings at the center, which serves 200 young girls.
- \$47,330 to Santa Barbara Neighborhood Clinics to replace the floor at the Westside Neighborhood Clinic that serves 4,500 clients.
- \$43,000 to Transition House to operate a transitional housing shelter for 375 homeless persons.
- \$26,603 To United Boys & Girls Club to convert an existing room into a music room to provide, in partnership with Notes for Notes, a Music Box Center where participants can access music instruments, instruction and tools to create their own music.
- \$25,000 to Women's Economic Ventures to provide micro-enterprise assistance including training, capital and technical assistance for 200 low to moderate-income persons.

At the time the funding recommendations were made, the City had not yet received an official CDBG funding announcement from the Department of HUD. Thus grant allocations were made based on an estimated 5% increase in CDBG funds. As a result, the Community Development Human Services Committee (CDHSC), which makes funding recommendations on use of CDBG funds to the City Council, added funding contingencies to their recommendations, as follows:

- HUD Decrease in Funds
 - Public/Human Services – Reduce/eliminate funding for lowest rated 2nd priority programs, as necessary.
 - Capital – Eliminate/reduce, as necessary, funding for the Cabrillo Ballfield Fence, Housing Rehabilitation, and the Ortega Park Restrooms.
- HUD Increase in Funds
 - Public/Human Services – Increase funding to Legal Aid by \$3,000, then increase highest rated 1st priority programs by \$1,000 each until funds are gone or a program is fully funded.
 - Capital – Increase funding for the Ortega Park Restrooms and Access Ramps, as necessary, until fully funded. Any additional funds would be reprogrammed to Fiscal Year 2011.

The Plan contains a special action plan for housing in 2010, showing national and local sources of funds for housing activities, the categories of housing activities to be undertaken and a listing of the number of estimated housing units to be developed.

Lead Agencies

The lead agency is the City of Santa Barbara, Community Development Department, Housing and Redevelopment Division, (805) 564-5461. Other resources include the Santa Barbara City Housing Authority and Redevelopment Agency.

Evaluation of Past Performance

This Action Plan is the first for Santa Barbara's 2010-2014 Consolidated Plan. Good progress was made between FYs 2005 - 2009 on the objectives outlined in the City's 2005-2009 Consolidated Plan.

General Questions

- 1. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.**

The City of Santa Barbara utilizes CDBG and HOME funds for projects/programs operated citywide. However, the majority of the projects are concentrated in the most needy neighborhoods; those census tracts with 51% or more of the residents who are low or moderate income (census tracts 8.01, 8.02, 9, 10, 11.02 and 12.04). These areas are also areas of racial/minority concentration (see Maps 4, 6-9). See Map 13 for a geographic representation of proposed FY 2010 CDBG and HOME projects.

2. Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.

The City has a policy to reduce geographic concentration of racial/ethnic minorities and low income. Because Santa Barbara is a small city that is "built out", only "in-fill" projects may be constructed. Each site made available anywhere in the City is evaluated. Sites outside the downtown census tracts are preferred for affordable housing. The projects and programs being implemented in this action plan provide the greatest benefit to the neediest residents in low-income census tracts.

The funding priorities for the CDBG program are:

Proposals that facilitate housing for low and moderate-income persons.

Proposals which revitalize downtown neighborhoods (Census Tracts 8.01, 8.02, 9, 10, 11.02 and 12.04).

Proposals that strengthen or expand public or social service agencies that facilitate low and moderate-income housing.

Economic development proposals which leverage financial resources to create or retain jobs for low and moderate-income persons.

The funding priority for the HOME program is:

Proposals that expand the supply of decent, safe, sanitary and affordable housing for very low-income and low-income families.

The rationale for assigning the priority in each of the above categories correlates to the high ranking of the group served as shown in HUD Tables 1 & 2. This is directly related to the needs and market discussion found in the text of the Consolidated Plan.

Some of the non-housing community development needs as found in HUD Table 2-B are also addressed in the priorities. These needs were included based on public input to have these needs met immediately and based on the analysis of impediments to fair housing choice. The study of fair housing planning was conducted as an integral part of the Consolidated/Action Plan development.

3. Describe actions that will take place during the next year to address obstacles to meeting underserved needs.

A substantial amount of public input went into assessing the overall Strategic Plan, as well as the individual strategies for addressing affordable housing, economic opportunity, and Continuum of Care issues. The city's strategies for addressing its priority underserved needs are consistent with available resources and lay out achievable goals and objectives that are consistent with the available resources. This has been achieved through a multi-year strategy that maximizes federal resources through leveraging private and public resources. The affordable housing strategy accurately reflects the identified housing needs and priorities, including barrier removal, fair housing, and lead-based paint abatement strategies. It also incorporates a homeless strategy that has the Continuum of Care principles and identified gaps in the system.

4. **Identify the federal, state, and local resources expected to be made available to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.**

The City's Strategic Plan, including the One-Year Action Plan, is presented in the sections that follow. Table I below summarizes the federal, state and local resources expected to be made this year to address the needs identified in the 5-year Consolidated Plan. The vision for the 5-year Consolidated Plan is embodied in the Long Term Objectives. The Action Plan is spelled out as the Annual Objective within each Long Term Objective, followed by a separate listing of the specific projects to be funded this year. It is hoped that this direct link between the two plans will assist the public in understanding how the vision of this document will be implemented, and to provide the City with the means to understand how successfully the Strategic Plan is being carried out, and to better focus attention in coming years on the Strategic Plan objectives.

**TABLE I
RESOURCES EXPECTED TO BE AVAILABLE**

Source	Program	Anticipated	Grantee
Federal	CDBG Entitlement	\$1,131,123	City
	CDBG Reprogram	76,564	City
	CDBG Repayment	250,000	City/NP*
	HOME	870,727	City
	Section 8	22,545,000	H.A.
	P.H. Capital Fund Program	833,213	H.A.
	ARRA Capital Fund Program	295,020	H.A.
	Continuum of Care	453,803	NP*
	ARRA CFP Funds	1,113,178	H.A.
	ARRA Loan Funds	1,656,604	H.A.
	LIHTC	10,111,174	H.A.
	County CDBG	25,000	NP*
State	Redevelopment	\$5,200,000	H.A./NP*
Local	City Santa Barbara	336,332	County/NP*
	City Carpinteria	8,000	City/NP*

	County General Fund	159,453	City/NP*
Other	Private Banks	\$478,000	NP*
Total		<u>\$45,543,261</u>	

*NP = Non-Profits; FP = Private, For-Profits/ **\$169,877 was allocated for CDBG Program Admin., and \$87,072 was allocated for HOME Admin.

Managing the Process

1. Identify the lead agency, entity, and agencies responsible for administering programs covered by the consolidated plan.

The Housing and Redevelopment Division of the City of Santa Barbara Community Development Department acted on behalf of the City as the lead agency for development of the 2010-2014 Consolidated Plan (CP) and the 2010 Action Plan (AP). The process included substantial consultation with agencies, groups, organizations and others interested in the development and preparation of the CP and AP. The City of Santa Barbara Community Development/Human Services Committee (CDHSC) revisited a series of panel discussions where the City conducted discussions with public and private providers of housing or services for special needs groups. The panel discussions were held to assist the City in assessing the housing needs for special groups. Using this as a starting point, communication lines are maintained with these groups to create an ongoing dialog on local housing issues.

There was a thread of commonality which ran through all the discussions: there is an increasing need for greater numbers of affordable residential opportunities and resources to develop these residential opportunities as they are becoming increasingly scarce. The City has traditionally looked for methods to assist in funding or providing capital improvements and/or facilities, and although the providers appreciated this type of assistance, many stated that there was an even greater need for funds to pay for operating expenses.

2. Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.

The City of Santa Barbara Community Development and Human Services Committee served as the initial conduit for information gathering and plan review for this year's Action Plan (AP). In an effort to further broaden public participation of the AP, staff and the CDHSC had meetings with over 73 agencies/groups between September 2009 and March 2010. A public hearing on the Action Plan was held on September 22, 2009 in the Community Development Meeting Room at 630 Garden Street. The hearing, which was noticed in the local newspaper, was held in the "early development stage" of the AP. Another public hearing was held on March 23, 2010 on the proposed activities to be included in the AP. The updated AP was available for a 45-day period beginning March 18, 2010. Presentations and discussions facilitated inter-government and social service agency cooperation and coordination. This was achieved through their participation in the meetings, and by consultations with appropriate social service agencies regarding what they saw as the special housing and community development needs in the Santa Barbara area. All public meetings were noticed and included the process for requesting accommodations or documents in alternate formats, if needed.

3. Describe actions that will take place during the next year to enhance coordination between public and private housing, health, and social service agencies.

Coordination between public agencies providing housing resources, assisted housing providers, private and governmental health, mental health and human service agencies are critical to the delivery of viable products/services.

In an effort to enhance coordination, the City participates in the South Coast Homeless Advisory Committee, which is made up of representatives from the three South Coast cities as well as one County supervisor. The committee also has representation from homeless advocates, those who are or have experienced homelessness, low-income-housing providers, homeless shelter providers and social service providers. This committee meets monthly to improve and support the integration and coordination of services on the south coast.

The City will encourage joint reviews of funding program guidelines and regulations. Meetings between the County, United Way and other foundations have been and will continue to be convened to review collaborative efforts. This will be undertaken to increase coordination between CDBG and other funding programs.

The City will encourage all programs and services which are funded or under its influence to participate and use the local CSTA and the Community Resource Information directory. This directory of local programs, services and referrals is a useful asset for all public and private agencies in improving product/service delivery to the public. Finally, the city has helped implement and helps support the 10-year Plan to End Chronic Homelessness, which works to increase coordination of homeless service providers, housing providers and street outreach workers.

Citizen Participation

1. Provide a summary of the citizen participation process.

Elements of the Plan were developed with active citizen input, including a citizen advisory committee who participated in the development of the various sections of the Plan. Public hearings for input and review of the Plan were conducted on September 22, 2009 and March 23, 2010. The draft report was available for public review for a 45-day period beginning on March 18, 2010, and notice to that effect was provided in the newspaper and on the City Web Page. Copies of the Plan were available online at www.SantaBarbaraCa.gov, in the Public Library, City Hall, and Community Development Department.

Hearing/Meeting Dates

Public Hearing, CDHSC: (Community Development and Human Services Committee)	September 22, 2009
Public Meeting, City Council:	October 27, 2009
Public Meetings, CDHSC:	February 2, 4, 9, 11, and 16, 2010
Public Hearing, City Council:	March 23, 2010

September 22, 2009: Public Hearing to solicit input on housing, social service and non-housing community development needs from the public.

October 27, 2009: City Council approved FY 2010 – 2011 combined CDBG and Human Services application process and priorities.

February 2, 4, 9, 11 and 16, 2010: Community Development and Human Services Committee held open interviews with applicants and developed recommendations.

March 23, 2010: Public Hearing on CDHSC Report on Funding Recommendations for FY 2010–2011 for CDBG and Human Services Funds.

All public meetings were noticed and included the process for requesting accommodations or documents in alternate formats, if needed.

The following agencies, groups and organizations participated in the development of the City of Santa Barbara's Consolidated Plan:

City of Santa Barbara City Council	Channel Islands YMCA
City of Santa Barbara Community Development Department	Child Abuse Listening & Mediation
City of Santa Barbara Parks and Recreation Department	City At Peace
City of Santa Barbara Public Works	Community Action Commission
Community Development Human Services Committee	Community Kitchen
Housing Authority of the City of Santa Barbara	Council on Alcoholism and Drug Abuse
County of Santa Barbara	Court Appointed Special Advocates
AIDS Housing Santa Barbara	Domestic Violence Solutions for S.B. County
Bringing Our Community Home	Environmental Education Group
Casa Esperanza	Family Service Agency
Casa Serena	Family Therapy Institute
Catholic Charities	Foodbank of Santa Barbara County
	Friendship Center
	Future Leaders of America

Girls Incorporated of Santa Barbara
Independent Living Resource
Center
Jewish Federation
Jodi House
Legal Aid Foundation
Long Term Care Ombudsman
Mental Health Association
New Beginnings Counseling Center
Noah's Anchorage YMCA
Pacific Pride Foundation
People's Self-Help Housing
Planned Parenthood
Primo Boxing Club
Rental Housing Mediation Program
Santa Barbara Bicycle Coalition
Santa Barbara Community Housing
Corporation

Santa Barbara County DA – Victim
Witness
Santa Barbara Neighborhood
Clinics
Santa Barbara Police Activities
League
Santa Barbara Rape Crisis Center
Santa Barbara Youth Mariachi
Senior Programs of Santa Barbara
St. Vincent's
Storyteller Children's Center
The PARC Foundation
The Boy's & Girl's Club
United Boy's & Girl's Club
Transition House
WillBridge
Women's Economic Ventures
yStrive for Youth

2. Provide a summary of citizen comments or views on the plan.

The following comments were received on the Action Plan:

Comments will be added after the Public Review period ends on May 4, 2010.

3. Provide a summary of efforts made to broaden public participation in the development of the consolidated plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.

In order to broaden public participation in the development of this plan, the Community Development and Human Services Committee consists of 13 representatives who represent specific areas of the community including; the disabled community, Latino community, African-American community and each of the four low-income neighborhoods in the City. In addition, the City's Target Area Neighborhood Improvement Program met with the three advisory committees located in low/moderate income census tracts, and other neighborhood groups. At these meetings, they identified and prioritized capital project applications to be submitted. The local Independent Living Resource Center receives city funding to assist residents in their efforts to achieve the highest level of independence possible through direct consumer driven services (including interpretation), along with eliminating barriers that prevent their participation in activities of daily living. The City's Consolidated Plan, Action Plan, Consolidated Annual Performance Evaluation Report and Citizen Participation Plan will be made available in alternative formats accessible to persons with disabilities, upon request, by contacting the Housing and Redevelopment Division at 564-5461, estotts@SantaBarbaraCa.gov, or 630 Garden Street, upstairs.

4. Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.

Comments will be added after the Public Review period ends on May 4, 2010.

Institutional Structure

1. Describe actions that will take place during the next year to develop institutional structure.

Table II shows the City of Santa Barbara's description of local institutional structure. The description includes private industry, nonprofit organizations and public institutions through which affordable and supportive housing is carried out. The institutional structure description assessed the existing strengths and gaps in the delivery system and set forth a plan for improvement. In this section the City further describes the actions which will be undertaken as part of that plan to eliminate the identified gaps and to strengthen, coordinate and integrate the institutions and delivery systems.

Developers	Development Skills Some Partnership with Public Awareness of Housing Market	Interested in Upper Income
Contractors	Knowledge of Construction Factors Including Cost and Rehab	Interested in Upper Income

A technical working committee called the Cities-County Joint Affordable Housing Task Group meets on a regular basis to share information and address regional housing issues. The group consists of elected officials from the County of Santa Barbara and the Cities of Santa Barbara, Carpinteria and Goleta, as well as staff from the City and County Housing Authorities, the Metropolitan Transit District and local housing providers.

The Housing Authority of the City of Santa Barbara is under the jurisdiction of the City. The Housing Authority Commissioners are appointed by the Mayor and confirmed by the City Council. The City works closely with the Housing Authority in developing and maintaining Housing Authority rental stock. The Housing Authority

is treated like any developer and must have any new developments approved through the regular planning/permitting process.

Public institutions (City and County) are continuing to streamline the regulations for development. Banks and savings institutions have started outreach to the community on the Community Reinvestment Act (CRA). CRA meetings have been held to provide information and solicit needs not being addressed by the community. The banks are enhancing their CRA performance by assisting and funding the Community Development Loan Fund operated by Women's Economic Ventures and serving on the Community Development Human Services Committee.

Monitoring

1. Describe actions that will take place during the next year to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

Community Development Staff monitor project activities on a regular basis to ensure compliance with program requirements, including timely expenditure of CDBG and HOME funds. The Community Development and Human Services Committee will not recommend funding for a CDBG project without assurance that it can be completed within the fiscal year money is granted.

Public Service subgrantees submit monthly progress reports documenting clients served, expenses, and achievement of specific goals and objectives. Periodically during the program year, staff conducts CDBG and HOME project on-site monitoring visits, where they observe the operation and management of the projects. On an annual basis, members of the Community Development and Human Services Committee conduct site visits to each funded project.

Capital projects are monitored by regular status and fiscal reports for Davis/Bacon requirements throughout the course of the project, as well as frequent site visits by staff. For some projects, a Rehabilitation Specialist from the City's Home Rehabilitation Loan Program is assigned to monitor and inspect project construction work. HOME projects are monitored yearly and follow HUD approved guidelines.

In addition to monthly reports, year-end or project completion reports are required of all subgrantee agencies. Staff utilizes these reports in completing performance reports which are shared with the community at a public hearing and ultimately submitted to HUD.

A CDBG Subgrantee Administrative Manual is distributed to all subgrantees to inform them of HUD regulations and required paperwork.

During the period of affordability, the City will perform on-site inspections of HOME-assisted rental housing units to insure compliance with all HOME program requirements. HOME-assisted owner-occupied units are required to submit an annual compliance form.

Lead-based Paint

1. Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families, and how the plan for the reduction of lead-based hazards is related to the extent of lead poisoning and hazards.

The following actions will be undertaken over the coming year to evaluate and reduce lead-based paint hazards.

1. The City of Santa Barbara Home Rehab Program will test for lead-based paint hazards whenever a housing unit is being evaluated on rehabilitation needs.
2. If lead-based paint is found to be a hazard, necessary risk reduction will be discussed with the unit owner.
3. Where lead-based paint is determined to constitute a hazard and the property owner qualifies for a CDBG loan, additional CDBG funds will be granted to reduce or eliminate the hazard.
4. The City maintains informational brochures on the dangers of lead-based paint. Brochures will be distributed to local real estate offices.

HOUSING

Specific Housing Objectives

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve during the next year.

Two of the City's long-term strategic objectives are specific to the maintenance and development of affordable housing.

DH-1 Availability/Accessibility for the Purpose of Providing Decent Housing

Categories of Residents to be Assisted:

- Homeless
- Very Low, Low and Moderate Income Homeowners
- Very Low, Low Income Renters
- Elderly
- Large Family/Overcrowded
- Persons with Disabilities/Special Needs/AIDS
- Houses/Frail Elderly
- Female Heads of Household
- Small Families
- Minority-headed households
- Very Low Income and Low Income

CDBG/HOME Entitlement/Repayment Funded Activities (See Table 3A)

(DH-1.1) The City's Housing Rehabilitation Loan Program Single Unit (HRLP) will rehabilitate five units of substandard single-family homes during the fiscal year. Special efforts such as targeted advertising will be conducted to obtain a minority participation in the program that is higher than that recorded in the census. Concentration in targeted neighborhoods in census tracts 8.01, 8.02, 9, 10, 11.02, and 12.04, where large numbers of low income, minority and persons with disabilities reside, will continue. Eliminating barriers in affordable housing to eliminate discrimination in housing is a part of the rehab strategy. Health and safety hazards are the main priorities of the program. Evaluating the energy efficiency of housing for lower-income households and achieving lower overall housing costs by reducing energy costs is also part of the program. Lead-based paint abatement is a component of the program and every house selected for rehab is tested. Elimination or encapsulation remedies are implemented if lead is detected. HRLP will also be providing code enforcement in the target neighborhoods. Program income generated by rehabilitation loan repayments will be reused by the HRLP.

(DH-1.2) Fair Housing/Discrimination Program will respond to eight inquiries, investigate reported cases of housing discrimination and educate the public on housing rights and responsibilities. This program helps eliminate barriers to housing and prevent homelessness, especially for minorities and small and large families who rent their housing. Rental Housing Mediation Task Force will assist 1,421 client callers and mediate any problem for any person in a rental housing situation to prevent the possibility of displacement/ homelessness. This program serves many low and very low-income renter households.

Non CDBG/HOME Funded Activities

(1) The City's Housing Authority will renovate approximately 30 existing Public Housing units owned by the Housing Authority and occupied by low -income persons and will undertake numerous development improvements on several properties, such as roofing, window replacement, siding replacement and site infrastructure improvements. Additionally, the Housing Authority will also initiate several management improvements and resident initiatives. Funds for these efforts will come from HUD's Capital Fund Program (CFP) for HUD Assisted public housing, CFP funding under the American Recovery and Reinvestment Act (ARRA), and replacement reserves for its non-HUD public housing units. The Housing Authority assists very low and low-income renters comprised of families, elderly, and disabled households.

Additionally, the Housing Authority applied for and received additional ARRA CFP funds in the amount of \$295,020 for the

installation of photovoltaic solar cells at its Presidio Springs and Vista La Cumbre Senior Housing developments

(2) Legal Aid Foundation will provide legal services for 350 low-income households residing in the low-income census tracts who need legal assistance in elder law, family law, public benefits and housing (uninhabitable, eviction, unlawful detainer, etc.).

Miscellaneous Housing Objectives

(1) High Cost of Land: The City will continue to buy down the cost of land if an opportunity arises.

(2) High Market Price/Rent: The City will continue to write down land cost for new construction; resale controls for subsidized units; rent subsidized units through Section 8.

(3) Low Vacancy Rate in low cost housing: The City will assist in the purchase of existing market-rate units for conversion to low income housing, if an opportunity arises.

(4) Water: Continue to make water meters available for affordable housing units.

(5) Limited Land Available in City: Utilize surplus government lands for housing and allow higher density and use bonus density for affordable housing.

(6) Old, Dilapidated Housing Stock: Continue operation of Housing Rehabilitation Loan Program.

(7) High Construction Standards: Continue to review construction standards so as to reduce the standards and number of requirements (i.e. senior parking).

(8) Zoning: Preserve residential areas through zoning; utilize affordable housing incentive to increase zoning density.

(9) Reduced Non-Local Housing Funds: The City will continue to apply for any available funds.

(10) NIMBY/Exclusivity: The City will continue to work on allowing higher densities and not concentrating low-income housing in low-income neighborhoods.

(11) Locational Factors: The City will continue its policy of scattered site development throughout the City.

Funding Programs and Resources Reasonably Expected to be Available

\$	106,498	CDBG Entitlement
\$	40,000	City General Fund
\$	25,000	County CDBG
\$	8,000	City of Carpinteria
\$	833,213	Capital Fund Program (CFP)
\$	1,113,178	Stimulus Act (ARRA) CFP Funds
\$	295,020	ARRA CFP Funds

Geographic Distribution: Citywide

DH-2 Affordability for the Purpose of providing Decent Housing

Categories of Resident to be Assisted:

- Elderly/Frail Elderly
- Very Low Income
- Large Family
- Homeless
- Special Needs/Persons with Disabilities/AIDS diagnosed
- Female Heads of Households
- Renters
- Small Family
- Owners
- Low Income
- Moderate Income
- Minority Households

**CDBG/HOME Entitlement/Repayment Funded Activities
(See Table 3A)**

(DH-2.1) The City's Housing Rehabilitation Loan Program Multi Unit (HRLP) will rehabilitate 20 units of substandard multi-unit homes during the fiscal year. Special efforts such as targeted advertising will be conducted to obtain a minority participation in the program that is higher than that recorded in the census. Concentration in targeted neighborhoods in census tracts 8.01, 8.02, 9, 10, 11.02, and 12.04, where large numbers of low income, minority and persons with disabilities reside, will continue. Eliminating barriers in affordable housing to eliminate discrimination in housing is a part of the rehab strategy. Health and safety hazards are the main priorities of the program. Evaluating the energy efficiency of housing for lower-income households and achieving lower overall housing costs by reducing energy costs is also part of the program. Lead-based paint abatement is a component of the program and every house selected for rehab is tested. Elimination or encapsulation remedies are implemented if lead is detected. HRLP will also be providing code enforcement in the target neighborhoods. Program income generated by rehabilitation loan repayments will be reused by the HRLP.

(DH-2.2) HOME new affordable housing acquisition and rehabilitation program will acquire and rehabilitate low-income and/or owner housing units (See Table 3A).

(DH-2.3) HOME new affordable housing construction program will construct low-income rental and homeowner housing units (See Table 3A).

(DH-2.4) HOME Security Deposit Assistance program will provide security deposit assistance to assist homeless persons in securing permanent rental housing (See Table 3A).

(DH-2.5) HOME Tenant-Based Rental Assistance program will provide rental assistance to homeless and special needs persons in order to secure permanent rental housing (See Table 3A).

The following table depicts the proposed use of 2010-2011 HOME Program funds.

	Total HOME	Rental	Owner	Match Use
New Construction	350,000	200,000	150,000	140,000
Acquisition - Rehab	140,000	70,000	70,000	80,000
Tenant-Based Rental Assistance	200,000	200,000	--	--
Home Rehabilitation (Objectives DH-1 and DH- 2)	93,655	93,655	--	--
HOME Admin	87,072	--	--	--
TOTAL	\$870,727	\$563,655	\$220,000	\$220,000*

* We have a substantial HOME match excess, so FY 2010 projects may or may not generate additional match income.

The \$350,000 will be used for acquisition and/or new construction of affordable housing. There will be approximately 3 new home ownership units developed with approximately one being a minority homeowner. The \$140,000 will be used for acquisition and rehabilitation of rental and/or homeowner units. The \$200,000 will be used for rental assistance to assist homeless persons and other special needs groups in securing permanent rental housing. The \$93,655 will be used to rehabilitate substandard multifamily units.

a) CHDOs and HOME

The City of Santa Barbara continues to work to identify CHDOs eligible for the 15 percent required set-aside, and to provide technical assistance in the requirements and opportunities presented by the HOME Program. Several nonprofit organizations have been identified and utilized as CHDOs. The City will work with the organizations further when they identify specific projects for funding. The potential funding for CHDOs is identified in the following table.

<u>Activity</u>	<u>Proposed Use of HOME Funds</u>	<u>Amount to CHDO's</u>
Acquisition/New Construction	\$350,000	\$90,000

Acquisition – Rehab \$140,000

\$41,000

To date the City has assisted CHDOs by informing them of relevant HUD trainings, providing them written material explaining the requirements for Board membership and Bylaws, and providing technical assistance on projects. The City continues to expand its list of potential CHDOs.

Market Conditions

The local market conditions that lead to use of HOME funds for tenant based rental assistance are outlined in the City's Consolidated Plan under Section IV, "Market and Inventory Conditions", pages 19 – 31 (i.e. high rents, large number on Housing Authority waiting list for Section 8, low vacancy rates). In addition, as noted in Section V, "Needs Assessment", very low-income persons have a severe cost burden because they pay over 50% of their income for rent and they need financial assistance in order to keep their housing (see pages 55 & 56 of Consolidated Plan). Likewise, the needs assessment section indicates that homeless persons and special needs groups need rental assistance to help them get into housing (see page 61 of Consolidated Plan).

Policies & Procedures

The City revised its Affordable Housing Policies and Procedures in January 2010, which assure that HOME funds will not be invested in an amount greater than that necessary to provide affordable housing. It also defines the affordability requirements to ensure continued affordability, which at a minimum meets the period of affordability for the HOME program. The City imposes affordability requirements for at least 90 years for both ownership and rental projects. To assure the continued affordability for this entire time, the City requires that a document be recorded to restrict the maximum rental or resale prices of the controlled units. These standards comply with HUD's resale requirements.

Minority Outreach Program

The City has updated its Minority Outreach Program to correspond with the HOME regulations. Specific actions to be taken will comply with 24 CFR Section 85.36(e). The City will:

1. Place qualified minority businesses and women's business enterprises on solicitation lists;
2. Assure that minority businesses and women's business enterprises are solicited whenever they are potential sources;
3. Divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by minority businesses and women's enterprises;
4. Establish delivery schedules, when feasible, which encourage participation by minority businesses and women's business enterprises;

5. Use the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and
6. Require prime contractors, if subcontracts are to be let, to take the affirmative actions specified herein.

Affirmative Marketing Requirements

The City has implemented an Affirmative Marketing Requirements for projects containing 5 or more HOME assisted units. This program is overseen by the Housing Programs Supervisor and includes advertising, on-site staff training, recordkeeping and application & selection process.

Types of Investments

The City invests HOME funds consistent with 24 CFR 92.205(b). The majority of investments consist of deferred payment loans or grants.

Non CDBG/HOME-Funded Activities

(1) The City Housing Authority will provide 1,980 Section 8 Housing Choice Rental Vouchers to very low-income persons/families who are City residents as well as 100 units of assistance under the Shelter Plus Care Program. Both Programs are anticipated to be fully utilized at 100% occupancy during the City's Fiscal Year.

(2) Construction is now underway for the development of Artisan Court, the City Housing Authority's development of 56 units located in the downtown area at 422 Cota Street. To date, the City of Santa Barbara and the City Redevelopment agency have provided the Housing Authority with funding in the form of residual receipts loans in the amount of \$5,200,000. This funding assisted with the purchase of the land as well as construction of the new development. The other major funding sources for this development are the Low-Income Housing Tax Credit program and ARRA Loan Funds in the amount of \$11,767,777. The populations to be served are: 1) Special-needs households (youth aging out of foster care and homeless/at risk of homelessness), and 2) Low-income downtown workers. The 56 studio units are 450 square feet each. Other project amenities will include free high-speed internet service to each unit, onsite supportive services, community room, program office space and 40 onsite parking spaces. Construction completion and full occupancy is anticipated to occur in January 2011

Additionally, the Housing Authority purchased a 47,485 sq. ft. (1.09 acres) property located at 512 Bath Street (AKA Bradley Studios) in downtown Santa Barbara. The acquisition of this development was made possible by a prior-year low interest deferred loan from the City Redevelopment Agency in the amount of \$4,800,000. The development plan for this property includes 53 studio apartments and one 2-bedroom manager's apartment. The populations to be served at this development will include a

mix of low-income downtown workers and low-income special needs populations including those that are homeless or formerly homeless. The Housing Authority anticipates receiving development entitlements in June of 2010 and submitting a Low-Income Housing Tax Credit application to provide for the majority source of funds for construction. If the successful in obtaining the tax credits, the Housing Authority anticipates starting construction in January 2011.

Miscellaneous Housing Objectives

(1) The City will provide funds for new affordable housing. This will be accomplished with Housing Production Loans and grants from the Redevelopment Agency and the HOME and CDBG Programs either through assistance with acquisition, write down of land costs, predevelopment, etc.

(2) Preserve Existing Affordable Housing so that it will not lose its affordability requirements. The City has programs to extend the life of the affordability requirements for an additional 10 to 20 years.

(3) The City of Santa Barbara operates the HOME Investment Partnership Program as a part of its inventory of affordable housing activities. As described in the CP, the City utilizes local funds (tax-increment housing set-asides from the Redevelopment Agency, the Community Development Block Grant program, tax credits and mortgage revenue bonds) to supplement HOME funds to provide developers of affordable housing with interest bearing loans, non-interest bearing loans or grants. The HOME Investment Partnership Program supplements these existing funds by focusing on housing for the lowest income groups in the community and on the special needs populations.

Projects proposed to be financed include the acquisition and rehabilitation of apartment buildings on one or more sites, the acquisition and/or construction of new affordable housing and Tenant Based Rental Assistance, limited to security deposit assistance.

(4) Bonus Density will be utilized as an incentive to create affordable housing units. The City has adopted an ordinance which provides that they will grant a 25% bonus density if the developer provides a percentage of units which are either 20% low-income, 10% very low income or 50% senior units.

(5) Senior Housing Zone (S-H Overlay). A special overlay zone has been established to encourage the development of affordable multifamily senior units on sites zoned A, E, R-1 or R-2. For-profit developers may build in an S-H zone, provided they record an agreement that assures that all units are affordable for at least thirty years. Projects, which have been approved under the S-H provisions, have reserved between 50-100% of the units as affordable to low income households.

- (6) Secondary dwelling units (Granny Flats) will be permitted in single family zones under controlled conditions provided the unit is rented at affordable rates.

Funding Programs and Resources

\$ 870,727	HOME Program
\$ 151,655	CDBG Entitlement
\$ 250,000	Home Rehabilitation Loan Repayment/Program Income
\$ 5,200,000	Local Funds (Redevelopment)
\$ 10,111,174	Low-Income Housing Tax Credits
\$ 1,656,604	ARRA Loan Funds
\$ 22,545,000	Rental Vouchers

Geographic Distribution: Citywide

- 2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.**

See the list of anticipated FY 2010 funding for affordable housing activities in the answer above.

Needs of Public Housing

- 1. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.**

Management and Operation of Public Housing

The Housing Authority of the City of Santa Barbara is a local public agency that provides safe, decent, and quality affordable housing and supportive services to eligible persons with limited incomes, through a variety of federal, state, local and private resources. The Housing Authority Commissioners are appointed by the City Council. In this section the City describes actions by the Housing Authority to improve the management and operation of public housing. It will also address efforts to improve the living environment of Housing Authority tenants.

The Housing Authority continues to operate a Resident Services Department which works with Housing Authority tenants to address their needs with respect to self-sufficiency, coordination of job training, educational efforts, youth activities, and home ownership counseling. Improved management and operation by the Housing Authority has begun and will continue as new ideas are developed into work plans. The Resident Services department seeks federal, state and local grant funding annually in order to facilitate the delivery of these services and activities. Additionally, a new affiliate non-profit, 2nd Story Associates, has been formed to seek additional funding opportunities for resident services programs.

The Housing Authority has developed its new 5-Year Action Plan for the period of 4-1-2009 through 3-31-2014. This Plan examines the community's affordable housing needs and charts the Authority's course to help address these needs by establishing measurable goals and objectives for improving operations and

furthering its mission to provide affordable housing. In addition, HUD has a management tool known as the Public Housing Assessment System (PHAS). This is a rating system that targets program delivery, management operations in general and the physical condition of our public housing units. One component of this system is a random survey sent by HUD to a statistically valid sample of residents. This survey asks the tenants to rate the agency on several factors that include the physical maintenance of the units and developments, general security, customer satisfaction as to timeliness of work orders and resident involvement. Using the results of the survey, The Housing Authority is able to target specific areas that need attention.

Living Environment of Public Housing Residents

The Santa Barbara City Housing Authority has received national recognition for the excellent quality of its public housing stock.

The Housing Authority continues to upgrade and redesign site layout and landscaping at many of the Housing Authority units/projects. New drought tolerant plants and shrubs continue to improve the living environment. The Housing Authority received \$833,213 for FFY 2009 from the standard Capital Fund Program (CFP) from HUD as well as an additional \$1,113,178 in CFP funds through the American Recovery and Reinvestment Act (ARRA). These funds will be used to significantly upgrade, rehab and enhance developments in the City. Related management improvements are also being implemented. The Housing Authority also makes extensive use of its Resident Council. Resident empowerment is high on the list of the Housing Authority objectives. It is being realized through both educational and programs, youth conferences, summer art programs for children, gardening projects and other youth activities.

Public Housing Resident Initiatives

In this section, the City describes the activities to be undertaken during the fiscal year in coordination with the local Housing Authority to encourage tenant involvement in management and efforts to encourage tenant participation in homeownership.

The Housing Authority applied for and was granted a renewal of its existing Shelter Plus Care Sponsor Based grant for FFY 2009.

In general the Housing Authority has empowered a Resident Council/Resident Advisory Board to serve as a focal point of information and feedback to the Housing Management and Property Development Departments. Periodic resident surveys are coordinated by the Resident Council to solicit valuable input from those who might not otherwise voice their opinions. The role of the Resident Council is invaluable as it affects current and future program/grant evaluation and development.

The Housing Authority is also operating a Family Self-Sufficiency Program (FSS). The Housing Authority currently has 144 participants on the FSS program and continues marketing efforts to increase FSS participation to 175 households during the next year. This program is designed to allow Section 8 participants and public housing tenants to move up and out of assisted housing. Of particular note is the fact that a high number of the Housing Authority's current FSS participants have set up their own businesses and pursued higher education and enhanced employment opportunities. To date, one-hundred-eighty (180) residents have graduated from the Family Self-Sufficiency program and thirty-nine (39) now own their own homes and another fifty-two (52) are off all forms of housing assistance. In addition, fifty-three (53) families own their own businesses.

The Housing Authority also has two tenant participants on the Housing Authority Commission/Board of Directors. The Housing Authority also will continue to coordinate a resident council for the tenants. The Housing Authority is also represented on the City's Community Development and Human Services Committee which oversees the CDBG funding process and recommends funding allocations to the City Council.

- 2. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.**

N/A. The Housing Authority of the City of Santa Barbara achieved "High Performer" status from HUD for FYE 2009 and expects to achieve the same rating for 2010.

Barriers to Affordable Housing

- 1. Describe the actions that will take place during the next year to remove barriers to affordable housing.**

Government regulation, while a necessary and inevitable activity, can have a limiting effect on attempts to provide affordable housing. This section identifies those public policies, rules, and regulations which have a negative impact on the availability of affordable housing. It outlines actions to remove or ameliorate those negative effects, as identified in the City's Analysis of Impediments to Fair Housing Choice. Table III lists the identified barriers to affordable housing.

TABLE III
BARRIERS TO AFFORDABLE HOUSING

BARRIER	DESCRIPTION	STRATEGY
MARKET		
High cost of land	Land costs of \$100-200 per sq. foot due to desirability of area for upper income.	Program to buy down cost of land for single and multi-family project. RDA, tax-exempt, CDBG, linkage and in lieu fees.
High market price/rents	Median price of single-family home is approximately \$800,000. Median rent is \$1,800 for 2-bedroom unit.	Moderate: Program to write down land cost for new construction results in overall lower housing units. Resale controls for subsidized units. Second mortgage program for units constructed with local subsidy. Mortgage revenue bonds when feasible. Low: Tax exempt and RDA subsidies for purchase of multi-family structures to lower rents. Rent subsidies through Section 8.
Low vacancy in low cost units	The lowest cost rental units have the most competition.	Rental: Buy market-rate projects for conversion to low income. New construction of low-income housing. Owner: New construction with subsidies/second mortgages.
PHYSICAL		
Limited land available	Geographic barriers and political boundaries limit land availability.	Infill projects where possible. Government surplus land conversion to housing. Preserve residential land. High density if appropriate.
Age of housing stock	Housing stock in older community in danger of being lost to marketplace.	Housing rehab program.
INSTITUTIONAL		
High construction standards	Some standards, such as unit size, exceed minimum health and safety needs.	Consider lowering standards, such as has already been done for parking requirements for seniors and minimum unit size for supportive housing. Provide subsidies to compensate for added cost.
Zoning	Some residential areas zoned commercial. Present zoning already allows mixed use, high density for affordable.	Preserve residential areas through residential zoning. Use provisions facilitating affordable (see social/political).
Continuing decline in non-local sources of housing funds.	Tax law changes, decline in Federal and State programs limit available assistance.	Continue attempt to expand sources of funds for housing through new and innovative programs. Support tax law changes.
SOCIAL/POLITICAL		
NIMBY/Exclusivity	Vote in 1970's limited City population. Some neighborhood resistance to higher density.	Consider allowing higher densities in excess of City population limit for affordable housing.
Locational factors	Older parts of town have highest accumulation of low income.	Continue policy of scattered site development of affordable housing.

High Cost of Land (Housing)

The high cost of land and housing has been documented in the 2010 – 2014 Consolidated Plan. To help with this, **the City will continue to operate programs that provide financial assistance to buy down the cost of land.** The program will assist both single and multi-family projects. Funds from the City Redevelopment Agency, HOME and Community Development Block Grant will be used.

High Market Price for Homes and Rentals

Both low and moderate-income persons/families will be assisted through the use of Redevelopment Agency subsidies. Low-income persons/families will be assisted by providing subsidies to assist in the purchase of multi-family structures. Through the purchase or development of multi-family structures, rents can be lowered and the units rented through Section 8. Writing down land cost for new construction will assist moderate income. This will result in overall lower housing costs. Through the use of resale controls, subsidized units will continue to be available to moderate income for many years.

Low Vacancy Rates in Low Cost Units.

The City will continue to make Redevelopment Agency funds available for projects that involve buying market-rate projects for conversion into low-income rental units.

Limited Land Available

The City will continue to encourage infill projects where they are possible and appropriate. Any government land that is identified as surplus will be made available to affordable housing first, and only sold to the general public if there is no interest from the housing providers. Zoning will be used to help preserve residential land, and higher densities will be explored, including bonus density, in various areas proximate to downtown and transportation corridors.

Age of Housing Stock

The City will continue to operate the Home Rehabilitation Loan Program. Single and multi-family structures will be upgraded. The rehabilitated units will prevent affordable housing units from being lost to the market place by allowing the low-income people living in the units to continue to live in safe and decent housing.

High Construction Standards

The City has adopted and enforces the Uniform Building Code, the National Electric Code, the Uniform Mechanical Code, and the Uniform Plumbing Code which ensure that all housing units are built to specified standards. Some standards, such as unit size, exceed minimum health and safety needs while increasing the cost of construction. **In order to help keep down housing costs and to make the construction of affordable housing more appealing to developers, the City will consider lowering standards, as has already been done for parking requirements for seniors and minimum unit size for supportive housing.**

Zoning

Many residential areas are threatened with the possibility of slowly being converted to commercial use, since the City's present zoning ordinance allows for mixed use of land in several residential neighborhoods. **The City will attempt to preserve**

these areas by designating them residential and by encouraging residential in commercial areas.

Zoning which limits the density of housing units presents another barrier to affordable housing. Restricting the number of units which can be built on a particular piece of land means that high land costs must be absorbed by fewer housing units than might otherwise be economically feasible. This causes the cost of an individual unit to rise. Allowing higher density would permit the private market to develop housing at a lower cost per unit; however, higher density does not necessarily result in lower-priced units, as the housing market determines the price at which a unit will sell. **The City, through its Bonus Density Program, will allow increased density in return for price/rent controls on some or all of the units in a development. Granting bonus density units to projects can reduce the costs per unit significantly and allow the development of some or all of the units as affordable to low or moderate income households.**

Decline in Non-Local Sources of Housing Funds

Changes in the tax laws, in addition to a decline in federal and state programs that provide funding for affordable housing, have limited the amount of assistance available for housing activities. **The City will attempt to expand sources of housing funds through new and innovative programs and will support tax law changes.**

NIMBY/Exclusivity

The City will continue to allow higher densities to make affordable housing feasible, while also continuing to require high standards of construction and design to fit projects into established neighborhoods.

Locational Factors

Clustering of affordable projects in particular neighborhoods will be discouraged. Policies to require scattered site development will continue to guide the location of affordable housing sites.

HOMELESS

Specific Homeless Prevention Elements

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

- 1. Sources of Funds—Identify the private and public resources that the jurisdiction expects to receive during the next year to address homeless needs and to prevent homelessness. These include the McKinney-Vento Homeless Assistance Act programs, other special federal, state and local and private funds targeted to homeless individuals and families with children, especially the chronically homeless, the HUD formula programs, and any publicly-owned land or property. Please describe, briefly, the jurisdiction's plan for the investment and use of funds directed toward homelessness.**

One of the City's long-term strategic objectives is specific to preventing and ending homelessness.

SL-1 Accessibility for the Purpose of Creating Suitable Living Environments

Categories of Resident to be Assisted:

- Homeless
- Homeless with Children
- Low Income
- Special Needs
- Elderly
- Frail Elderly
- Disabled (mental, physical, developmental, dually diagnosed)
- Persons Diagnosed with AIDS and Their Family
- Persons Threatened with Homelessness

**CDBG/HOME Entitlement/Repayment Funded Activities
(See Table 3A)**

(SL-1.1) Casa Esperanza will operate a homeless day center, a 70-bed transitional shelter and 30-bed emergency shelter. The Center will provide services and outreach for approximately 1,600 homeless persons to help them reach their potential and attain permanent housing.

(SL-1.2) Catholic Charities will assist 2,100 homeless and at-risk for homelessness by providing financial assistance, supportive social services (budget counseling, food, etc.) and case management to move them towards self-sufficiency. Many clients are minority households with large families.

(SL-1.3) Noah's Anchorage Youth Shelter will provide temporary housing and crisis intervention services to 200 homeless, runaway or disenfranchised youth.

(SL-1.4) Domestic Violence Solutions for S.B. County – Emergency Shelter will serve approximately 150 battered female heads-of-households and their children. Temporary shelter, supportive services and transitional assistance will be provided.

(SL-1.5) Transition House Comprehensive Services will provide 375 homeless families and persons with emergency shelter, transitional housing, meals, childcare, money-management assistance and job assistance at their three-stage housing program.

Prevention Activities:

(1) Housing Rehabilitation Loan Program - Homeless Prevention (Identified in objective DH-1 and DH12).

(2) The Rental Housing Mediation Task Force will serve approximately 1,450 persons at risk of becoming homeless. RHMTF will provide information and mediation services to anyone in a rental-housing situation (Identified in objective DH-1).

(3) The City's Fair Housing/Discrimination Program will respond to approximately eight inquiries and investigate reported cases of discrimination. Outreach to very low-income persons, who meet federal preference, will be conducted (Identified in objective DH-1).

Non CDBG/HOME-Funded Activities

Prevention Activities:

(1) Legal Aid Foundation will provide legal representation to 350 low-income clients living in the City including homeless prevention services (Identified in objective DH-1).

(2) Transition House Homelessness Prevention will provide computer education, GED and ESL services to 450 very low-income persons at-risk of homelessness.

(3) People's Self-Help Housing – Supportive Housing Program will provide social services to 70 low-income residents of their housing programs (families with children and formerly homeless individuals) to help prevent failure in permanent tenancy.

Emergency Shelter:

(4) Santa Barbara Foul Weather Homeless Project will serve approximately 200 persons per night from December 1, 2010 to March 31, 2011. Cots, hot meals and social services will be provided.

(5) AIDS Housing Santa Barbara will provide facilities for special needs low-income persons diagnosed with AIDS or other life-threatening conditions. Full supportive services will be provided in a complete care residential home serving 70 people per year.

(6) WillBridge will provide a safe haven as an alternative to incarceration for 26 chronically homeless, mentally ill adults.

Transitional Housing:

(7) Domestic Violence Solutions for S.B. County – Second Stage will provide long-term (18 month) transitional housing for 55 battered women and their children.

(8) Hotel de Riviera will provide safe transitional housing with supportive services for 55 dually diagnosed homeless individuals.

(9) St. Vincent's – PATHS will provide transitional housing and services for 110 women and children to allow them to gain independence from welfare.

(10) New Beginning Counseling Center will provide case management services for 850 homeless persons at Casa Esperanza, New Faulding Hotel, Hotel de Riviera, WillBridge and Salvation Army, and the RV Safe Parking Project.

(11) Casa Serena will provide treatment to 90 low-income women struggling with diseases of alcoholism & drug addiction at one of Casa Serena's three recovery homes.

Permanent Supportive Housing:

(12) New Faulding Hotel will provide social service case management to prevent failure in permanent tenancy for its 78 marginalized residents.

(13) Housing Authority - HOME Assistance/Section 8 set asides (Identified in objective DH-2).

Other Supportive Activities:

(14) Storyteller Children's Center will provide free childcare for 100 children age 18 months to 6 years for homeless or at-risk families so they may work, get an education and save money to get them into housing.

(15) Community Kitchen will provide daily hot meals for 1,975 low-income, mostly homeless, persons.

(16) Santa Barbara Neighborhood Clinics – Dental Care for the Homeless will provide no-cost dental care to 150 homeless individuals.

(17) Bringing Our Community Home, which implements the 10-Year Plan to End Chronic Homelessness, will continue to have a discharge planner to work with homeless persons released from jail and will also work with street-outreach workers to maximize existing resources.

(18) Council on Alcoholism and Drug Abuse – Project Recovery Detox Center will provide a residential detox program to 275 homeless and unemployed individuals.

Funding Programs and Resources Reasonably Expected to be Available:
(Funds listed in objective DH 1 and DH 2 are not included.)

\$	169,668	CDBG Entitlement
\$	296,332	City General Fund
\$	159,453	County General Fund
\$	453,803	HUD Continuum of Care

Geographic Distribution: Citywide.

- 2. Homelessness—In a narrative, describe how the action plan will address the specific objectives of the Strategic Plan and, ultimately, the priority needs identified. Please also identify potential obstacles to completing these action steps.**

The City's goal is to have a seamless continuum of care for the homeless.

The City is implementing a multi-pronged effort to provide adequate housing and social services to this very vulnerable segment of our community. The City will take the following actions: 1) prevent low income individuals and families with children (especially those with incomes below 30% of median) from becoming homeless; 2) address emergency shelter and transitional housing needs of homeless individuals and homeless families; 3) help homeless persons make the transition to permanent housing; and 4) support organizations that provide permanent supportive housing. Outreach and assessment is conducted by each individual program.

1. The City helps prevent low-income individuals and families with children (especially those with incomes below 30% of median) from becoming homeless through programs listed in objectives DH-1 and SL-1. Programs, such as Housing Rehabilitation Loan Program, Rental Housing Mediation Task Force, Fair Housing Enforcement Program, Legal Aid, Transition House, People's Self Help Housing, and Catholic Charities all have substantial programs to assist in homeless prevention. Catholic Charities provides small financial grants to help families meet financial obligations in an effort to prevent homelessness. Transition House developed a homelessness prevention program to assist very low-income households increase their earning potential and improve their household finance management. People's Self-Help Housing provides social services to low-income residents of their housing programs to help prevent them from becoming homeless. Housing Rehabilitation Loan Program rehabilitates substandard single-family homes and multifamily buildings to prevent homelessness. Rental Housing Mediation Task Force assists and/or mediates any problem for any person in a rental housing situation to prevent the possibility of displacement/ homelessness. Fair Housing Enforcement Program investigates reported cases of housing discrimination and educates the public on housing rights and responsibilities. Legal Aid provides legal services regarding uninhabitable residences, evictions, and unlawful detainers.

2. The City has and will continue to address **emergency shelter and transitional housing needs** of homeless and homeless families through support of homeless programs such as: Foul Weather Emergency Homeless Shelter for emergency shelter during the harsh winter months; Casa Esperanza for emergency medical beds, temporary and transitional, and social services; Transition House for emergency shelter - temporary and transitional, meals, childcare and job assistance; Domestic Violence Solutions for temporary shelter, supportive services and transitional assistance for homeless battered women; AIDS Housing, Santa Barbara (Sarah House) for full supportive services in a complete care residential home for special needs persons with AIDS and terminal illnesses; Noah's Anchorage Youth Shelter for temporary housing and crisis intervention services for homeless, runaway or disenfranchised youth; and WillBridge for temporary shelter as an alternative to incarceration for those with mentally illness. The Rescue Mission also provides emergency shelter 10 days per month per individual.

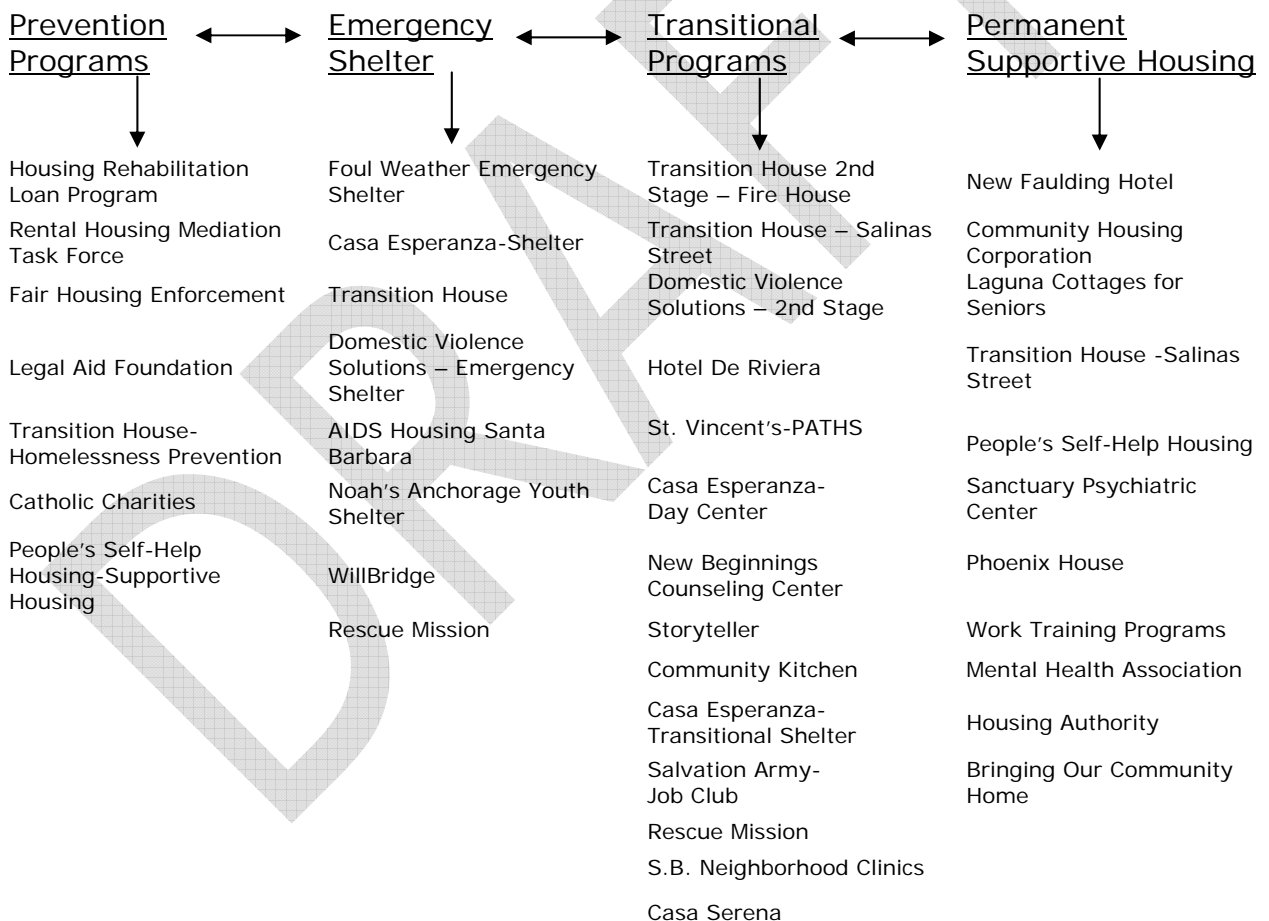

3. The City **helps homeless persons make a transition to permanent housing** through supportive programs. The main annual goal will be the operation of a 60-bed transitional homeless facility operated by Transition House. The facility offers a full range of homeless transitional services (housing, jobs, medical, child day care). People who graduate from this program go to the "Fire House" where they continue learning life skills, such as budgeting, and save for first and security deposits for permanent housing. Transition House also has an 8-unit apartment building that will be expanded with an additional 8 units to be used as the next transitional step for their clients who graduate from the Fire House Second Stage program to permanent housing. The City is also supporting the Domestic Violence Solutions Second Stage Program that provides transitional housing for battered women and their children for up to 18 months, the Hotel de Riviera that houses dual-diagnosed homeless persons and transitions them into permanent housing and St. Vincent's PATHS program that provides transitional housing and supportive services for women with children to help them move from welfare to work and self-sufficiency. Supportive programs including Casa Esperanza Day Center for basic human services and supportive services, New Beginnings Counseling Center for case management, Storyteller for childcare, the Community Kitchen for meals and S.B. Neighborhood Clinics for dental care for the homeless are funded by the City of Santa Barbara. Other programs in the community that help people transition into permanent housing include the Casa Esperanza Transitional Shelter Program, Salvation Army Job Club Program, Casa Serena and the Rescue Mission. The Housing Authority of the City of Santa Barbara also provides permanent housing for those transitioning from homelessness. In an effort to meet the need for transitioning homeless persons to permanent housing, this City supports applications for McKinney Supportive Housing Grant funds. **Non-homeless persons with special needs categories are also identified in objectives DH-1, DH-2, SL-1 and SL-3.** Groups identified include the elderly, AIDS diagnosed, victims of domestic violence, disabled (physical, mental, developmentally), frail elderly, alcohol and drug addiction.

4. The City supports organizations that provide **permanent supportive housing** including the New Faulding Hotel for individuals and other programs through the Housing Rehabilitation Loan Program (identified in objectives DH-1 and DH-2) and the Affordable Housing Program (identified in objective DH-2 and SL-1). Assisted entities include the Community Housing Corporation for individuals, Laguna Cottages for Seniors, Transition House for families, People's Self-Help Housing Corporation for families, Sanctuary Psychiatric Center for dual diagnosed substance abuse and mentally ill, Phoenix House for severely mentally ill, Mental Health

Association for mentally ill individuals, Work Training Programs for persons with disabilities and Housing Authority for homeless individuals (including chronic homeless). Bringing Our Community Home is implementing the 10-Year Plan to End Chronic Homelessness. Its goal is to successfully house chronically homeless individuals utilizing a supportive housing model. They are also coordinating existing programs and projects (both public and private) throughout Santa Barbara County by enhancing the programs that work, amending inefficient programs or delivery of services and reducing duplication of services. The City anticipate supporting other permanent supportive housing projects as the Plan continues.

These programs, as well as others listed in the Action Plan and Table IV below, create our seamless continuum of care for the homeless population in Santa Barbara.

TABLE IV
City of Santa Barbara
Homeless Continuum of Care

- Chronic homelessness—The jurisdiction must describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness by 2012. Again, please identify barriers to achieving this.**

The City has worked closely with the County of Santa Barbara, three other cities in the County and many community members to support our 10-Year Plan to End Chronic Homelessness, called *Bringing Our Community Home*. The organization has been operational since late 2007. It has a 30-member Governing Board, made up of government and non-profit service providers, business leaders, members of the faith-based community, homeless representatives and elected officials. Its fiscal umbrella is Casa Esperanza Homeless Shelter. In addition, the City has provided \$15,000 in General Funds to assist with program staff salaries. Additional Action Steps to be taken in FY 2010 include:

- A discharge planner will continue to work with homeless jailed inmates being released from jail;
- Serve as the facilitator to bring street-outreach teams into a collaborative with the Police Department to maximize resources;
- Work with housing developers and supportive-services providers to increase the number of supportive housing placements; and
- Continue to coordinate existing programs and projects by enhancing programs that work, amending inefficient programs or delivery of services and reducing duplication of services.

4. Homelessness Prevention—The jurisdiction must describe its planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.

The City helps prevent low-income individuals and families with children (especially those with incomes below 30% of median) from becoming homeless through programs listed in objectives DH-1, DH-2 and SL-1. Programs, such as Housing Rehabilitation Loan Program, Rental Housing Mediation Task Force, Fair Housing Enforcement Program, Legal Aid, Transition House, People's Self Help Housing and Catholic Charities all have substantial programs to assist in homeless prevention and will be funded during FY 2010. See objectives DH-1, DH-2 and SL-1 above for descriptions and amounts.

5. Discharge Coordination Policy—Explain planned activities to implement a cohesive, community-wide Discharge Coordination Policy, and how, in the coming year, the community will move toward such a policy.

Discharge Coordination is an integral part of Santa Barbara County's 10-Year Plan to End Chronic Homelessness. Bringing our Community Home, the organization charged with implementing the plan, has secured City and County funds to hire a discharge planner. The planner is tasked with working with homeless individuals who are being released from jail to ensure that they receive the housing, services and treatment they need.

COMMUNITY DEVELOPMENT

Community Development

*Please also refer to the Community Development Table in the Needs.xls workbook.

1. **Identify the jurisdiction's priority non-housing community development needs eligible for assistance by CDBG eligibility category specified in the Community Development Needs Table (formerly Table 2B), public facilities, public improvements, public services and economic development.**

Community development needs include a wide variety of neighborhood facilities such as child care centers and youth activity centers, improvements to parks and public spaces, human services to support physical development activities, and economic development.

2. **Identify specific long-term and short-term community development objectives (including economic development activities that create jobs), developed in accordance with the statutory goals described in section 24 CFR 91.1 and the primary objective of the CDBG program to provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons.**

*Note: Each specific objective developed to address a priority need, must be identified by number and contain proposed accomplishments, the time period (i.e., one, two, three, or more years), and annual program year numeric goals the jurisdiction hopes to achieve in quantitative terms, or in other measurable terms as identified and defined by the jurisdiction.

One of the City's long-term strategic objectives is specific to community development and another one is specific to economic development. See the long-term and short-term objectives below:

SL-3 Sustainability for the Purpose of creating Suitable Living Environments

Categories of Resident to be Assisted:

- Homeless
- Female Heads of Households
- Renters
- Elderly
- Very Low Income
- Low Income
- Small Family
- Large Family
- Special Needs/Persons with Disabilities (mental, physical, developmental)
- Moderate Income
- Minority Households

CDBG/HOME Entitlement/Repayment Funded Activities

(SL-3.1) City of Santa Barbara Target Area Neighborhood Improvement Program will install sidewalks and access ramps in low- and moderate-income neighborhoods in the City's East and West sides to provide neighborhood residents with improved accessibility; will install air conditioning units at two community centers where seniors receive services and hold activities; will rehabilitate the restrooms of Ortega Park; will create a teen center at the Franklin Community Center; and will improve safety

at Cabrillo Ballfield by installing a chain link fence around the bleachers and restrooms.

Girls Incorporated will repaint the exterior wood trim of the center's two buildings to provide improved facilities for disadvantaged girls attending the center's after-school and summer programs.

Santa Barbara Neighborhood Clinics will provide low-income patients with improved facilities by replacing the worn and damaged floor in the Westside Clinic.

Channel Islands YMCA, Noah's Anchorage, will perform necessary maintenance, repairs and upgrades to the home to improve the shelter for homeless and disenfranchised youth.

United Boys and Girls Club will convert an existing room into a music room to provide participants with music instruments, instruction, and tools to create their own music.

Funding Programs and Resources Reasonably Expected to be Available:

\$ 457,230	CDBG Entitlement
\$ 76,564	CDBG Reprogrammed Funds

Geographic Distribution: Citywide

EO-2 Affordability for the Purpose of Creating Economic Opportunities

Categories of Resident to be Assisted:

- Very Low Income
- Low Income
- Small Family
- Large Family
- Special Needs/Persons with Disabilities
- Renters
- Female Heads of Households
- Minority Households

CDBG/ HOME Entitlement/Repayment Funded Activities

(1) Community Development Loan Fund will be operated by Women's Economic Ventures to provide micro-enterprise assistance including training, capital and technical assistance for 200 low to moderate-income persons. Approximately six small business loans will be made to persons who do not qualify for conventional bank loans. CDBG will support program operation. CDBG previously provided seed money to help establish the \$300,000 fund.

Funding Program and Resources Reasonably Expected to be Available

\$ 25,000	CDBG Entitlement
-----------	------------------

\$ 478,000 Private Banks

Geographic Distribution: Citywide.

Antipoverty Strategy

1. Describe the actions that will take place during the next year to reduce the number of poverty level families.

The City's anti-poverty strategy requires taking into account factors affecting poverty over which the City has control. In the case of the CDBG program, housing and services eligible under the program are used in the analysis. By working towards the following goals for the CDBG program, continuum of care for households with incomes below the poverty line are addressed:

- A. Programs that Facilitate Housing for Low and Moderate Income Persons.
- B. Programs that Revitalize Downtown Neighborhoods.
- C. Programs that Strengthen or Expand Public Service Agencies which Facilitate Low and Moderate Income Housing and other Community Development Needs.
- D. Proposals that Leverage Financial Resources to Create or Retain Jobs for Low and Moderate Income Persons.

Affordable housing is a prerequisite to assisting those below the poverty line in achieving economic dominion over their affairs. It is fundamental to realize housing is the most important asset to assist those living below the poverty line. It is discouraging to have a job and not be able to afford rent and other living costs. The goals and programs listed in the Action Plan provide a ladder of services to help individuals and families climb out of poverty and create a life of dignity and independence. Some of the programs attack the symptoms of poverty and others help provide a way out. Both types of programs are necessary to address the needs of the poor.

The jobs programs supported by the City and Housing Authority are directly aimed at assisting those living in poverty. Some of the goals provide for the production of new housing and maintaining/upgrading existing affordable housing in the City. Through this goal more affordable housing is available to those with low incomes. There is fierce competition for the few affordable units and by creating additional units more households are able to rise above the poverty level.

The social service programs supported by the City are coordinated to compliment the above listed housing goals. Each year funding applications are solicited from the community that addresses the needs of the poor. Input from the monthly South Coast Homeless Advisory Committee of Santa Barbara and input from the general public is obtained at a public hearing held each year. A committee reviews the applications and recommends funding for those programs that best address the stated goals. This method of annual applications is effective as it allows for current and emerging issues and problems to be addressed. Due to this public input, the compendiums of services which are supported seek to be seamless and thereby reduce or assist in reducing the number of households with incomes below the poverty line.

NON-HOMELESS SPECIAL NEEDS HOUSING

Non-homeless Special Needs (91.220 (c) and (e))

*Please also refer to the Non-homeless Special Needs Table in the Needs.xls workbook.

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve for the period covered by the Action Plan.

Non-homeless Special Needs are included in the City's long-term strategic objective specific to preventing and ending homelessness, see Homeless section above. Groups identified include the elderly, AIDS diagnosed, victims of domestic violence, disabled (physical, mental, developmentally), frail elderly, alcohol and drug addiction.

2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

Non-homeless Special Needs are included in the City's long-term strategic objective specific to preventing and ending homelessness. See Homeless section above.

Other Narrative/Attachments

Include any Action Plan information that was not covered by a narrative in any other section.

Affirmatively Further Fair Housing Policy and Procedures:

Results of Analysis of Impediments to Fair Housing (See the City of Santa Barbara's Analysis of Impediments to Fair Housing Choice for detailed information).

- The City of Santa Barbara continues to need comprehensive Fair Housing services that include intake, testing and negotiation.
- There is a continuing need for education among county tenants and landlords regarding Fair Housing laws and special populations (i.e. physically and mentally disabled, large families, child-care providers, Section 8 tenants).
- There continues to be a need for Fair Housing Enforcement Program activities with an emphasis on education regarding disability accessibility.
- There is a critical need for affordable housing.
- Affordable and decent housing for large households is needed preferably near community services.
- More handicapped accessible housing is needed.
- There is a need for permanent supportive housing for chronically homeless persons.
- Rehabilitation of existing affordable older housing stock is needed to maintain housing choice.
- City review boards need to shorten the review time and reduce burdensome requirements on housing development.

Measurable Goals for Fiscal Year 2010-2011

1. The City of Santa Barbara will **fund and strengthen its Fair Housing Enforcement Program.**

- This program will respond to, and investigate if necessary, approximately eight complaints from the public.
- Brochures and information packets for landlords and tenants will be distributed throughout the City of Santa Barbara.
- Advertising and outreach education will be conducted on the local public access television channel, the City of Santa Barbara's Web Page, City Council and County Board of Supervisors meetings, the local rental property association meetings, local newspapers and various presentations.

2. The City of Santa Barbara will **maintain and improve its Rental Housing Mediation Task Force Program.**

- The RHMTF will target seven landlords for Fair Housing education on housing rights and landlord/tenant responsibilities.
- The program will serve approximately 1,450 people with housing-related problems.

3. The City of Santa Barbara will **provide funds for agencies that further Fair Housing.**

- Legal Aid will be funded through Human Services to provide legal assistance in housing, family law, domestic violence, public benefits, and civil rights for 350 low-income families and individuals.
- The City will fund four child-care programs with the specific intent to allow parents, especially from large family and minorities, a chance to work so they can afford housing.
- The City will fund a local non-profit, Women's Economic Ventures, to maintain a loan pool for those without access to conventional lending institutions. WEV works with many local banks in this endeavor. The jobs created are for low/moderate income persons. Approximately 6 business loans will be made. The jobs created will allow persons and families to better afford housing.

4. The **Joint Cities/County Affordable Task Group will hold twelve meetings to further develop affordable housing on a Countywide basis.** This group consists of the county's local non-profits and cities.

5. The City of Santa Barbara will **operate and fund the Housing Rehabilitation Loan Program in order to maintain affordable housing stock**, especially for minorities and women. Approximately 25 housing units will be rehabilitated.

6. The City will **work with local CHDO's, housing non-profit agencies and the housing authority to develop affordable housing utilizing CDBG, HOME and Redevelopment funds.**

7. In an effort to create more housing, the City will **attempt to undertake a demonstration project to create a special zone in the city for mixed-use residential/office buildings.**

8. The City will **maintain and fine-tune their new computer application procedures to streamline the permit review process** that will reduce time and save money and thereby reduce the cost of housing.

9. The City will **maintain its policy of scattered site development.** This means that affordable housing project developers will be encouraged to build in non-low income neighborhoods, preferably new community services.

10. The City will **require all new housing developments to meet handicapped accessible standards.** A separate committee, with at least one disabled person on it, will review development plans for all new construction to ensure compliance with standards.

11. The **Housing Authority of the City of Santa Barbara will maintain a work training program for low-income minority youth in order for the youth to gain valuable employment skills** in order to be able to afford housing.

12. The City will **work with the County of Santa Barbara on a comprehensive homeless grant for HUD Continuum of Care funds** to be utilized to access housing for homeless persons as well as the **Ten-Year Plan to End Chronic Homelessness.**

13. The City will **nurture relationships with private foundations** to fund additional Fair Housing and related programs.

14. The City will **fund the Independent Living Resource Center** to assist disabled persons to secure affordable accessible housing and to educate landlords on the benefits of retrofitting rental units to make them accessible to persons with disabilities.

15. The City staff will **encourage review boards to reduce the amount of review and streamline the review process to reduce the cost of housing.**

2010 Action Plan Projects

Santa Barbara, California
